EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rolf Fasth on 9/10/08.

The application has been amended as follows:

In the specification pg. 1, last paragraph, line 1 "EP921-228" is changed to "EP921228".

In the specification pg. 2, line 7, "SE,C,506.702" is changed to "SE506702".

In the specification pg. 6, last paragraph, line 2, "correponds" is changed to "corresponds".

In the specification pg. 6, last paragraph, line 4, "SE,518789" is changed to "SE518789".

In the specification pg. 9, line 8, "SE,518789" is changed to "SE518789".

In Claim 2, line 2, "heating of the chips essentially" is changed to "heating of the chips to the second temperature essentially".

In Claim 4, line 2, "heating of the chips takes place" is changed to "heating of the chips to the first temperature takes place".

In Claim 12, line 3, "to temperature" is changed to "to the first temperature".

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: Application is allowed primarily because the instant application recycles the acidic fluid during the pretreatment of wood chips without adding or removing substances from the drained acidic fluid. Following the treatment the chips are heated with steam and then alkali impregnation liquor. This differs from the prior art where either the acidic treatment stream is either not recycled at all or substances are removed from the acidic stream including hemicellulose, lignin, and non-process-elements such as metals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to ANTHONY J. CALANDRA whose telephone number is (571) 270-5124. The examiner can normally be reached on Monday through Thursday, 7:30 AM-5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven Griffin can be reached on (571) 272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
